FOREWORD

It is with great pleasure that we present the 2024 edition of *The Official Catholic Directory*. For over 200 years *The Official Catholic Directory* has provided comprehensive coverage of all the charitable organizations and clergy within the Catholic Church in the United States. To complement this coverage, we have included the "2023 Highlights", our annual recap of the key events from the past year.

This edition maintains several recent format/layout enhancements for a) improved readability and navigation, making it easier for users to locate entities and the clergy, brothers, sisters, and laity that serve those entities; and to b) reduce redundancies that increase the page count unnecessarily and causes book binding problems. Among the changes are:

- **Larger Font and Increased "leading" (i.e., vertical space between lines of text)** – These two key changes alone dramatically improve the readability of the OCD.
- **Bolded Entity Names** – Parish, School, Convent, Hospital, etc. names now display in distinctive bold font, and all are left aligned for easier identification.
- **Indented Sub-Orgs** – Sub-orgs are now indented a few spaces, making them more easily distinguished from their parent entities.
- **Enhanced Placement/Grouping** – entities are now consistently grouped by state and city placement headers in all dioceses rather than the less intuitive county groupings used in some dioceses.
- **Underlined Placement Headers** – underlined state and city placement headers make locating entities easier and faster.
- **Standardized Headers** – in Curia and Institutions sections, headers enable the grouping together of like entities. Standardized headers make finding organizations quicker and easier.
- **Recently Closed/Merged Parishes** – Parishes closed within the current or previous year will compose in the directory along with the month/year of closure/merger and any relevant notes.
- **Deacons Index** – a new deacons index will appear online only until we are able to reduce the size of OCD enough to include the deacons index and still meet the maximum page count requirement for binding.
- **Chaplains at non-Catholic Institutions (formerly CPI) / Miscellaneous Assignments** – These sections have been removed from within each diocesan section and are now tracked within the Priests index (i.e., chaplain and miscellaneous assignments will be notated within a priest's index entry).

Although the Catholic Church in the United States has changed significantly over the past two hundred years, our core mission remains the same: to constantly update and annually publish an accurate listing of all the charitable organizations and clergy of the Catholic Church in the United States. This mission cannot be completed without the help of the United States Conference of Catholic Bishops, other ecclesiastical authorities, and countless diocesan staff members. We owe each a debt of gratitude and would like to conclude this foreword by thanking them for their longstanding cooperation and invaluable assistance to *The Official Catholic Directory*.

Sincerely,
